Foreword

This being the Seventy-fifth Anniversary of our school, and the fiftieth of the OAK, we of the OAK Staff have tried in every possible way to make this OAK the best in fifty years. We have tried to capture your fondest memories, so that they may live on with you forever. The Leopard here at Adamson is more than just a mascot. He is a symbol of school spirit which will never die as long as there is an Adamson.

For this reason we have chosen the seventy-five years of history as the theme of our book, because these seventy-five years are the foundation of our school.

Since all modes of association call for voluntary development of codes of conduct, we must always keep social demands and practices in Adamson High school suited to democratic ideals and the American way of life.

A Tribute to a Loyal Friend of Adamson High School

Roberta King

No one has worked more untiringly for the interests of W. H. Adamson High School than Miss Roberta King. As teacher and more recently as counselor, she has found no task too difficult if thereby she could render some assistance to students or fellow teachers. This school has been her life, and its welfare, her chief concern.

Miss King is held in the highest esteem by students, teachers, patrons, and administrators because of her many years of unselfish service, and to her we should like to express our deepest gratitude for a job well done.

Graduating Class

Sherry—

ADAMSON'S LONG

W. H. Adamson High School began its long proud history in 1889. It was first housed in a white frame building situated at Tenth and Patton, had eleven grades, and was called Oak Cliff School. Professor Doddson was the first principal, directly preceding William Hardin Adamson.

Adamson established an undying spirit at Oak Cliff. When the high school became a separate institution, he became principal and remained so for over thirty years. At his death in 1935 the school was renamed in his honor.

The present building, completed in 1915, at first had only classrooms. Through the years additions have been made until the school finally reached its present capacity. The campus gradually enlarged, encompassing lots at the corner of Eighth and Crawford Streets, so that now it occupies the whole block. The Allen Gym was finished in 1955.

W. H. ADAMSON

of Oak Cliff – 1899

AND PROUD HISTORY

The first football team was organized in 1914 and its chief rival became North Side of Fort Worth. In 1920 Coach Howard A. Allen took the football team to state championships, after playing the stubborn Sherman team twice. The years of 1923 and 1924 included both baseball and basketball championship for Adamson. We have also won state debate and declamation championships in other years. In the 1950's we were city champions in baseball and went to state again. Finally in 1964 the basketball team obtained second in state, losing first place to Stephen F. Austin of Houston.

Howard A. Allen, former coach, succeeded Mr. Adamson as principal and held the position for twenty-seven years. Thomas W. Meek succeeded him to our present day.

Adamson's history is crowded with many accomplishments and memorable events, with only four fine principals in seventy-five years.

Director: MR. WILLIAM BECK HART

Drum Major—DAVID WHITE

The Leopard Band was a great asset to all the activities in Adamson this year. The fall season was full of many activities including play for pep assemblies and presenting half-time shows at all the games. The band accompanied the football team to Temple besides marching in the annual Fire Prevention parade, and a torchlight parade during the State Fair.

In November the band participated in the Big "D" Half-Time Show. These among many other activities have made the Leopard Band a busy one this year.

Of all the nice things you do, I'm not gonna' tell ya' ~~bout~~ about 'em. Love ya' anyway, Steve Kaye Curtis

The I.C.T. program offers a large number of trades and occupations from which the student may select and which he may learn on the job. Credit is given for only one and one-half or two years of work in this program. It is impossible for a student to pass one phase and fail the other. If a student is to receive credit, he must do creditable work in both the classroom and the work experience divisions.

Track is perhaps the most competitive of all sports in that it is a competition of individuals. Self-discipline and personal desire are the main elements; however, it helps to have a little speed.

RELAY TEAMS

In the two relays, four-forty and mile, individual output plus precision team work are vital for victory. It is only in the relays that cindermen have to rely upon someone other than themselves. This makes the relays the highlight of a track meet.

March

The month of March will long be remembered as one of the greatest in Adamson's long and proud history. It was in this month that the Leopard basketball team climaxed the season as State Champion Runners-Up. This was the reward of a long and fruitful drive which never let up. We congratulate the team, Mr. Carter, and the entire student body for a job well-done.

Sherry,

You really have done so much for me. (No matter how hard I tried I could not ask for and have so many classes together & friends to remain the very best of friends and I know that we will remain the very best of friends and I only hope that we shall always be the absolute best of friends.) You are really a wonderful person and I truly and truly are one of the greatest people I have known in my entire life, and believe me when I say that I shall never ever forget you or the many things that you have done for me. Smedley Didn't Buy The Official Class Ring.

He went bargain hunting. He thought all class rings were alike. He hadn't heard that the official class ring is official because it is made to rigid specifications for the protection of the student body. Neither, apparently, had he heard that it is made by Balfour, the most distinguished creator of fine class rings in the entire world.

A splendid fellow, Smedley. But there are reasons to suspect he is not completely in step with the times.
